

REGISTRY

of

HANDICAPPED PERSONS

REPORT UP TO MARCH 31, 1983

**Government of Newfoundland and Labrador
Department of Education
Division of Special Education**

**DEPARTMENT OF EDUCATION
DIVISION OF SPECIAL EDUCATION
REPORT NO. 3**

**REGISTRY OF HANDICAPPED PERSONS
REPORT UP TO MARCH 31, 1983**

F O R E W O R D

This report of the Registry of Handicapped Persons provides an overview of the Registry operations and includes a cumulative statistical summary of cases registered to March 31, 1983. The Registry does not claim complete accuracy. A case follow-up program is being explored so that the degree of accuracy can be improved.

The objective of this report is to indicate the different types of demographic data available through the Registry and to provide the necessary data for improvement of service to the disabled persons in Newfoundland and Labrador.

Consulting services were provided by Mr. R. Parsons, Supervisor of Information, Statistics and Publication, Department of Education, Mr. R. Day, Director of Planning and Research, Department of Social Services, and Mr. E. O'Brien, Director of Statistics and Research, Department of Health.

This report was prepared by Ms. Catherine Ryan, Registrar of Handicapped Persons, with the assistance of Ms. Lavinia Harris, Secretary to the Registry.

The Registrar gratefully acknowledges the advice of the consultants and the co-operation of government departments and registering agencies.

Comments or queries regarding the report's content and requests for additional statistics or information may be directed to:

SECTION I

REVIEW OF REGISTRY ORGANIZATION AND OPERATION

Introduction

In 1972 the Ministers of Education for New Brunswick, Newfoundland, Nova Scotia and Prince Edward Island, appointed a committee to study the needs of those children in the Atlantic Provinces who required special education.

One of the committee's recommendations was that a Provincial Registry of Handicapped Persons be established through the co-operative efforts of the Departments of Health, Education and Social Services.

Administration

In 1974 a Registry of Handicapped Persons was established for the Province of Newfoundland and Labrador. The Registry is a joint responsibility of three government departments: Education, Health, and Social Services. The Department of Education, Division of Special Education Services, is responsible for its operation and administration.

The Registry is advised by a Provincial Advisory Committee consisting of representatives from the Departments of Education, Social Services, Health and other agencies; e.g., Rehabilitation Unit, C.N.I.B., Community Medicine Memorial University, and the Dr. Charles A. Janeway Hospital.

Objectives

Registry's objectives:

To ascertain, record and classify persons with Handicapping conditions in the Province of Newfoundland and Labrador, so as to provide a reliable basis for estimating the prevalence and distribution of specific conditions within the population.

To assist government departments and agencies to plan and program appropriate services for Handicapped Persons in the Province.

To encourage earlier detection of Handicapped Persons so that services can be initiated as early as possible.

To undertake statistical analyses of the data.

To support research.

Registration Criteria

Any person from birth to 21 years of age inclusive with any handicapping conditions which -

interferes with education (whether the child goes to a special school or whether he does not go to school at all, or whether he has to have special attention in a regular school);

requires continuous medical supervision;

interferes or will interfere with competitive or sheltered employment;

may be considered handicapping, to the extent that the person will require future services.

Persons with emotional or mental illness are not currently registered.

The age criteria is currently under review with the intent of including people of all ages.

Registration

Registration is voluntary. When the Registrar is notified of a possible or tentative handicapped person, the name and detailed files are checked so that duplication is avoided. If the person is not registered, a tentative notification form is sent to the registering agency requesting the collection of further information and, if applicable, parental consent for registration.

In 1978, a survey of all mentally retarded adults in the Province was implemented (excluding those in nursing homes or institutions). Field Social Workers collected the necessary data for the registration of this target group. Approximately 1,000 handicapped adults were identified through this process.

Registering Agencies

Agencies currently registering persons with the Registry of Handicapped Persons are:

- Department of Health -
 - Community Health Nurses (birth to 21 years)

- Department of Social Services -
 - Social Workers (mentally retarded adults and children under their care)

- Department of Education -
 - Special Schools
 - School for Hearing Impaired and Preschool Programs
 - Developmental Centre
 - Virginia Waters

- Children's Rehabilitation Centre

- C.N.I.B. Preschool Program

- Dr. Charles A. Janeway Hospital -
 - Cystic Fibrosis Nurse Co-ordinator
 - Hemophiliac Nurse Co-ordinator

Confidentiality

Preservation of record confidentiality and the guarantee that individuals' rights of privacy are protected are of constant concern to government.

The established policy is that Registry information on individual cases is not disclosed to anyone other than those in government departments. Persons in the private sector wishing to contact an individual are referred to the registering agency.

Aggregated data is available on request to anyone.

Ascertainment

Multiple data sources which compensate for the potential deficiency of voluntary reporting are used by the Registrar with the co-operation of the following departments, agencies and persons:

Department of Education -
Special Schools
Special Services

School Boards - T.M.R. Classes

Department of Social Services

Department of Health -
Division of Statistics and Research
Provincial Health Districts
Hospitals (newborn nurseries)

Dr. Charles A. Janeway Hospital (Admissions and Discharge
Forms)

Physicians

Children's Rehabilitation Centre

Voluntary Agencies -
C.N.I.B.
Vera Industries

Registry Use

The Registry was used for the following purposes:

To provide a central index for Handicapped Persons in Newfoundland and Labrador.

To identify Handicapped Persons for surveys of special groups, regionally and provincially by Departments of Education, Health and Social Services.

To provide statistical information for planning services in specific areas.

To provide data on individual cases to authorized persons for follow-up purposes.

To aid prompt discovery of cases with a view to their early treatment and rehabilitation.

To provide statistics for projects and research.

To provide information on the services which are available to Handicapped Persons.

TABLE I

AGE-SEX COMPOSITION OF CASES REGISTERED TO MARCH 31, 1983

Table I shows age and sex distribution of all registered cases to March 31, 1983.

Numbers in the age category from birth to 20 years represent all disabilities in that age group.

Numbers from 20 years (plus) represent mainly those with a mental handicap living in their home communities.

TABLE 1. NUMBER OF CASES BY AGE AND SEX REGISTERED TO MARCH 31, 1983

Age Group	Male	Female	Total
0 - 4	90	59	149
